

Development of Energy Efficiency Badge Tool Kit.

1 March 2017

A workshop to review Energy Efficiency Badge tool kit conducted on 1st March 2017. Officials from Maldives Girls Guides Association (MGGA), the Scout Association of Maldives (SAM) and Faculty of Science participated in the workshop.

The draft tool kit was presented by the consultants Dr.Simad Saeed and Mr. Riyaz Jauharee. During the workshop, leaders from MGGA and SAM commented on the draft documents for the energy efficiency tool kit. The purpose of the workshop was to obtain and collect the ideas from both associations on the Energy Efficiency Badge. Leaders from both associations contributed their ideas to make the tool kit more effective and attractive to the respective age groups.
